DESCRIPTION

The body of this wine is a Listán Negro from old vines, which together with the nuances of Vijariego Negro and Baboso Negro, all assembled in barrels from different French forests, result in this friendly wine, with extreme finesse, but which expresses full force of the volcanic landscape of the area.

Violet red

Fresh, fruitful aroma, with thin mutators of roasted oak, very harmonious.

In the mouth it is powerful, meaty, with a balance between the young wine and its light aging.
